# Das Grabkammer-Spielepaket

60 Quizkarten · Spielregeln · Senet-Brett · Urkunde · Quellen

# So wird gespielt

-  Karten auf festes Papier drucken und an den Linien ausschneiden. Goldene Karten sind leicht (Schreiberlehrling), rote Karten sind schwer (Oberschreiber).
-  Zwei bis sechs Mitspieler, einer davon ist Quizmeister. Er zieht eine Karte und liest die Frage vor. Die Antwort steht klein und auf dem Kopf unten auf der Karte.
-  Wer zuerst richtig antwortet, bekommt die Karte. Goldene Karten zählen einen Punkt, rote zwei.
-  Streit? Auf jeder Karte steht die Nummer des Fakts im Buch. Nachschlagen entscheidet.
-  Wer zuerst zehn Punkte hat, gewinnt die Urkunde und darf die nächste Runde als Quizmeister leiten.
-  Familienregel: Die Kinder stellen den Erwachsenen die roten Karten. Wer weniger als fünf von zehn schafft, deckt den Tisch.

## Quellen zu jedem Fakt

Fast jeder Fakt im Buch ist mit zwei Quellen geprüft: Museen, Universitäten, Fachliteratur und Wissenschaftsjournalismus (Stand 23.09.2026). Antike Autoren wie Herodot und Diodor sind im Buch als solche gekennzeichnet. Die Nummer vorn ist die Faktnummer im Buch, Mythen stehen am Ende. Englischsprachige Quellen sind genutzt, wo es keine gleichwertige deutschsprachige gab.
